AEB's Solutions Portfolio

ASSIST4

AEB

The basis for efficient **collaboration** in the supply chain. Transparency and performance analysis. End to end.

Visibility & Collaboration Platform

- Integration platform
- Scheduling
- Monitoring
- Alerting
- Process & stock visibility
- Performance analysis & KPIs
- Reporting

Organization of your order processing. Overview of your **fulfillment**. Monitoring costs and workflows.

Order Management

- Order entry
- Fulfillment planning & checking
- Processing
- Monitoring & controlling
- Assessment & billing

Supports all warehouse and distribution center activities and increases efficiency in your **warehouse processes**.

Warehouse Management

- Goods-in & goods receipt
- Stock placement, stock transfers
- Cross-Docking
- Stock overview & stock checking
- Picking & packing
- Despatch & shipping
- Goods issue
- Mobile applications
- Status cockpit

Streamlined processes in supply chain execution: **transport management** and **freight cost control**.

Transport & Freight Management

- Shipment consolidation
- Transport preparation
- Transport orders
- Freight cost management
- Freight cost optimization
- Freight invoice auditing
- Simulations

Business services for all **customs processes** in procurement and distribution. Standardized. Automated. Integrated.

Customs Management

- Integrated global trade management
- Import
- Export
- Bonded warehouse, IPR, OPR
- EMCS, Intrastat, transit procedures
- Product classification
- Origin & preferences

Meet all **risk** and **compliance** requirements. Avoid possible violations and trade securely.

Compliance & Risk Management

- Restricted party screening
- Export controls
- License management
- EU & US regulations
- Embargoes
- Critical goods handling
- Customs integration

Integration of all logistics processes in global business. With ASSIST4, the software suite from AEB.
